NOTE.—For the purpose of this return each self-contained flat or tenement in a multiple building is counted as a separate house.

(a) The figures in this column exclude houses having a rateable value exceeding £78 (or £105 in the Metropolitan Police District).

(b) This figure is approximate only and includes the period March to September, 1922, exact statistics of unassisted building not being available.

(c) This figure is for the half-year September, 1922, to March, 1923.

(d) Including 1,425 built by Local Authorities.

(e) Estimated.

(f) Records are only compiled yearly to 31st December, and the figures in this column are for the years ending on that date.

(g) Inclusive of houses built by the Second Scottish National Housing Company (Housing Trust) Limited, on behalf of Government: 1652 in 1927, 890 in 1928, and 10 in 1929.

(h) In addition 1,155 houses were erected by Local Authorities, and 261 by private builders with the aid of grants from the Unemployment Relief Fund, and 502 houses were erected by Local Authorities and 237 by private builders between 1921 and 1923 with the aid of Government grants under the Housing (1) Act, 1919. The total number of houses, as above, erected in Northern Ireland with State Assistance from transfer of services to 31st March, 1933, was as follows: Local Authorities, 3,520; Private Builders, 22,612.

NOTE.—The particulars in this table for the year 1920 and subsequent years relate to the 31st March, or, in the case of sub-heads 3, 4, 9, and 10, to the year ended 31st March. For 1913 the figures relate to the school year (or the last day of it) which ended within the year ended 31st July, 1913.

(a) A department is a group of children under a separate head teacher, a school often consisting of more than one department.

(b) These figures should be used with caution as there is reason to believe that, owing to a misunderstanding of the directions for making the returns, a considerable number of pupils transferred to public elementary schools providing special courses of advanced instruction were incorrectly returned as leavers.

(a) Higher Grade Schools providing a five years' course of instruction are now graded as Secondary Schools. The figures relating to Special Schools were formerly included under "Primary" Schools.

(b) In addition to the numbers of teachers given below, there were a certain number who were not permanently attached to the staff of a particular school, but were employed either as itinerant or visiting teachers, or as supply or relief teachers. The number in 1932 was 1,337.

(c) The figures applicable to accommodation from 1921 onwards represent the effective accommodation as calculated by Education Authorities and other Managers. The number of places in 1922 are increased by the inclusion of those of Special Classes attached to ordinary Schools.

(d) The figures given under "Secondary" include some schools conducted under the Secondary Schools (Scotland) Regulations, 1923, whose approved curricula do not cover a full period of five years.

(e) The numbers of teachers given below include a few teachers in Side Schools.

(f) The figures below include a number, not exceeding 7 in any one year, of Provisionally Certificated and Assistant Teachers (Article 71).

(a) In this and the following Table the 1914 figures cover 12th January to 31st December, 1914. The later figures relate to calendar years.

(b) The membership of Approved Societies from 1920 onwards represents the number of members on the books of Societies at the end of the year (including those temporarily remaining insured persons under Section 3 or Section 56 of the National Health Insurance Act, 1924, after ceasing to be employed. The number of Women for the years 1923 to 1931 have been revised and are not strictly comparable with those given for previous years. For earlier years, the number of members is based on the number of contribution cards surrendered, increased by the estimated number of members serving in H.M. Forces.

(c) Exempt persons were, after payment of the qualifying number of contributions, eligible for medical and sanatorium benefits from 1914 to 30th April, 1921 (31st December, 1920, in Scotland) and for medical benefit only thereafter. As from 1st October, 1930, exempt persons in Northern Ireland ceased to be entitled to benefits.

(d) These figures can only be regarded as approximations.

(e) The figures for 1927 and prior years are for persons over age 70.

(a) The above figures include persons temporarily remaining insured after payment of contributions has ceased.

(b) Insured widows under age 65, and all insured persons aged 65 and over are also included in the estimated numbers insured.

(c) Contributory pensions are payable to the widows and children of men who, being under the age of 70 on 4th January, 1926, when the Contributory Pensions Scheme came into force, died on or after that date. They are granted subject to the satisfaction of certain conditions as to insurance and the number of contributions paid.

(d) Non-contributory pensions are payable to the widows and children of men in the insurable class who, having died or attained the age of 70 before 4th January, 1926, when the Contributory Pensions Scheme came into force, never contributed under the scheme. They are payable—

(1) Under the Act of 1925 to widows with children who were under the age of 14 at 4th January, 1926, and continue in payment until the youngest child attains the age of 16 (or until the death or re-marriage of the widow if that occurs earlier).

(2) Under the Act of 1929 to widows aged 55 or over (see note (c)) and continue until the widow attains the age of 70 (or until her death or re-marriage if that occurs earlier).

NOTE.—For amounts received and expended for relief of the Poor, see Table No. 73, p. 86.

(a) This is the net total after deducting persons counted twice in the preceding columns, as having received institutional as well as domiciliary relief on the days mentioned. For the later years such persons are not included twice in the preceding columns.

(b) Under section 18 of the Mental Treatment Act, 1930, persons are, from 10th July, 1930, not deemed to be in receipt of relief by reason only that they are being maintained as rate-aided patients in mental hospitals. The numbers on 1st January, 1931 and subsequent years, are included in this table for purposes of comparison with earlier years.

(c) See footnote (b).

(d) Approximate (see note (a), page 82).

(a) The mean numbers shown in this table for any year are the mean of the numbers relieved on or about the 1st January of that year, and on or about the 1st July preceding, except that the number of rate-aided patients in Mental Hospitals on the 1st July, not having been ascertained for any year later than 1915, has for the purposes of the table been taken to have been, in each of those years, a number mid-way between the ascertained numbers for the preceding and succeeding 1st January.

(b) The figures for 1920-1 and the following years show the "average" number of persons in receipt of relief in the financial year. The averages have been calculated, as regards more than 90 per cent of those persons, by adding together the numbers in receipt of relief on the same day in each week in the year and dividing the aggregate so obtained by 52 or 53 as the case may be.

(c) Persons who received both institutional and domiciliary relief on the same day are not counted twice in the total. See also Note (b) on page 81.

NOTE.—The insane in England and Wales were dealt with under the Lunacy and Mental Treatment Acts, 1890-1930 and in Scotland under the Lunacy (Scotland) Acts, 1857-1913. Mental Defectives in England and Wales were dealt with under the Mental Deficiency Acts, 1913-1927, and in Scotland under the Mental Deficiency and Lunacy (Scotland) Act, 1913. Mental Defectives are classified in the Mental Deficiency Act, 1927, "mental defectiveness" being defined as a condition of arrested or incomplete development of mind existing before the age of 18 years, whether arising from inherent causes or induced by disease or injury. The insane are persons of unsound mind suffering from mental disorder acquired generally later in life.

(a) Most of the insane persons included in this Table (e.g., 88·4 per cent. of them in England and Wales, and 85·2 per cent. of them in Scotland, on 1st January, 1933) are included also in Tables No. 68, 69 (two final columns), 70, 71 and 72, pages 81 to 85. The cost of this maintenance in Mental Hospitals was defrayed by Poor Law Authorities.

(b) Based on an estimated population which for 1920 includes armed forces belonging to England and Wales serving either at home or abroad.

(c) The Local Government (Scotland) Act, 1929, abolished District Boards of Control and transferred their functions to County Councils and Town Councils of large burghs. The numbers refer to patients in District Asylums.

(d) These inmates are not "registered" but are included in this table for purposes of comparison.

(e) In Lunatic Wards of Poorhouses.

(g) The numbers are the N.I. Criminal Lunatics maintained, since 1st December, 1921, in the Central Criminal Lunatic Asylum, Dundrum, Co. Dublin, as an Agency Service under Section 63 of The Government of Ireland Act, 1920, except in the case of the 1930 figure, the number there given being made up of 16 criminal lunatics confined in the Criminal Lunatic Asylum at Dundrum, and 5 in the new Criminal Lunatic Asylum for Northern Ireland at Londonderry. In January, 1930, these 16 criminal lunatics were transferred from Dundrum and sent to the respective N.I. Asylums of the districts from which the patients originally came and are included in Column 1.

NOTES.—The expenditure by Poor Law Authorities on the maintenance of insane persons in County and Borough Mental Hospitals, included in column 1, is also included in Table 73.

Expenditure on the Insane in Poor Law Institutions is not distinguished in accounts from expenditure on other persons in those Institutions and is not included in this Table, except in the case of Scotland, for which see note (d).

(a) Up to 1929-30 these grants were mainly grants made through the Exchequer Contribution Accounts of County and County Borough Councils. Those grants ceased to be payable as from the 1st April, 1930 and were merged in the Block Grants under the Local Government Act, 1929.

(b) Up to 1929-30 some unascertained portion of the expenditure in column 4 was met from Exchequer grants under the Agricultural Rates Act, 1896 and 1923, from the "free balances" of the Exchequer Contribution Accounts of County and County Borough Councils and (in 1929-30) from the transitory grants in compensation for loss of rates. Those grants and "free balances" were applicable in aid of local rates, but were not allocated to specific local services. In 1930-1, the expenditure was defrayed mainly out of rates and the Block Grants under the Local Government Act, 1929.

(c) The figures represent gross expenditure borne on the Vote, inclusive of Appropriation in Aid, and do not include expenditure of sums borne on the Votes of other Departments. For years 1915-6 to 1920-1 expenditure on Rampton Asylum (now closed) is included.

(d) The figures for Scotland are inclusive of expenditure on insane in Poor Law Institutions. In the summary figures for the United Kingdom, shown on the next page, allowance has been made for this expenditure.

(e) District Boards of Control, Parish Councils and Education Authorities prior to 16th May, 1930. County and Borough Councils from that date.

(f) i.e., Contributions from the Local Taxation Account (Scotland).

(g) Figures relate to years ended 31st December, 1919 to 1932.

(h) From 1930-1 these grants are merged in the general Exchequer contributions payable under the Local Government (Scotland) Act, 1929.

(i) Prior to the setting up of the Government of Northern Ireland these consisted of (i) a capitation grant payable annually out of the Local Taxation (I) Account; (ii) repayment by the State of actual expenditure on criminal lunatics committed to District Lunatic Asylums (for 1920-21); and (iii) payment by the Ministry of Pensions in respect of the maintenance of persons (classified as "Service" patients) whose insanity developed after War service.

After the setting up of the Northern Government (i) the capitation grant referred to above was replaced by a fixed annual payment from the Exchequer of £37,079, representing the average annual amount paid to Asylum authorities out of the Local Taxation (I) Account in respect of the three financial years ended 31st March, 1920; (ii) the amounts received in respect of criminal lunatics were as follows: For 1921-2, £3,119; for 1922-3, £2,531; for 1923-4, £2,349; for 1924-5, £2,444; for 1925-6, £2,989; for 1926-7, £2,917; for 1927-8, £2,739; for 1928-9, £2,770; for 1929-30, £2,586; for 1930-1, £2,653; for 1931-2, £3,221 and (iii) the amounts received in respect of "Service" patients were as follows: For 1921-2, £7,986; for 1922-3, £8,570; for 1923-4, £6,905; for 1924-5, £7,210; for 1925-6, £7,580; for 1926-7, £7,359; for 1927-8, £6,299; for 1928-9, £6,935; for 1929-30, £6,525; for 1930-1, £6,690; for 1931-2, £6,827.

(j) Expenditure in respect of Northern Ireland Criminal Lunatics committed prior to 1922 and since (i.e., up to January, 1930) maintained in the Central Criminal Lunatic Asylum at Dundrum, Co. Dublin, as an Agency Service under Section 63 of the Government of Ireland Act, 1920. Expenditure for 1929-30 includes cost of maintenance of N.I. Criminal lunatics in Dundrum C.L. Asylum, Co. Dublin, and of those in the N.I. Criminal Lunatic Asylum at Londonderry, established under the Act 20, George V. cap. 19. Thereafter the expenditure is that on the Northern Ireland Criminal Lunatic Asylum at Londonderry.

(k) Includes a payment of £9,871 for similar service.

NOTE.—The entries in this Table must not be read as showing the total numbers of mentally defective persons on the several dates mentioned. Those numbers have not been ascertained and the increase in the aggregate figures indicates increased activity in the administration of the Acts but does not necessarily indicate any increase in the incidence of mental defect. Mentally defective children of school age are not included in the Table unless they have been notified as mental defectives under the Mental Deficiency Acts; on these points and other points the entries in the Table should be read subject to qualifications set out in the Annual Reports of the Board of Control. See also general note to Table No. 74, p. 88.

(a) Prior to the 1st April, 1930, County and County Borough Councils had no duties with respect to mental defectives in receipt of Poor Relief.

No. 77—NUMBER of MENTALLY DEFECTIVE PERSONS in SCOTLAND notified under the Mental Deficiency and Lunacy (Scotland) Act, 1913, on the 1st JANUARY of each YEAR, 1921 to 1933.

(Further particulars as to numbers are obtainable from the Annual Reports of the General Board of Control for Scotland).

NOTE.—The entries in this Table must not be read as showing the total numbers of mentally defective persons on the several dates mentioned. Those numbers have not been ascertained and the increase in the aggregate figures indicates increased activity in the administration of the Act but does not necessarily indicate any increase in the incidence of mental defect. Uncertified mental defectives in receipt of poor law relief are not included in the Table nor are mentally defective children of school age unless they have been certified as mental defectives under the Act of 1913; on these points and other points the entries in the Table should be read subject to qualifications set out in the Annual Reports of the General Board of Control for Scotland. See also general note to Table No. 74, p. 88.

(a) District Boards of Control, Parish Councils and Education Authorities were the responsible local authorities prior to 16th May, 1930.

(b) Figures are not available prior to 1926 and those for succeeding years are approximations.

(a) Up to 1929-30 some unascertained portion of the expenditure in column 4 was met from Exchequer Grants under the Agricultural Rates Acts, 1896 and 1923, from the "free balances" of the Exchequer Contribution Accounts of County and County Borough Councils and in (1929-30) from transitory grants in compensation for loss of rates. Those grants and "free balances" were applicable in aid of local rates, but were not allocated to specific local services. In 1930-1 the expenditure was defrayed mainly out of rates and the Block Grants under the Local Government Act, 1929.

(b) The Mental Deficiency Act, 1913, so far as it affects the powers of County and County Borough Councils, came into operation on the 1st April, 1914.

NOTE.—This table has been constructed to indicate in a very general manner the fluctuations of the numbers engaged in each industry shown. In using the table the figures for the years 1881-1901 must be compared with those in the *first* column for the year 1911, and those in the *second* column of the year 1911 must be used for very rough comparisons can be made. The figures for 1881-1911 (*first* column) exclude maintenance staff, clerks, carmen, and certain other occupations common to all industries. The figures for 1911 (*second* column) and 1921 include all persons engaged in the industry. The numbers are given to the nearest thousand. The proportions engaged have been calculated on the actual numbers.

(a) The statistics are exclusive of profit-sharing arrangements in co-operative societies, particulars not being available for the whole period 1913-32. In 1932, 168 societies, with about 37,000 employees, were known to have profit-sharing schemes in operation. Returns relating to 163 of these schemes showed that the bonuses paid to employees in 1932 averaged £5 10s. 1d. per head, or 4.7 per cent. on earnings.

(b) Some firms have more than one scheme in operation.

(c) Schemes under which no bonus was earned are included. For a number of schemes information as to bonuses is not available.

NOTES.—The figures include the total membership of all Unions with head offices in Great Britain or Northern Ireland.

The statistics relate to all organisations of employees—including those of salaried and professional workers, as well as those of manual wage earners—which are known to include among their functions that of negotiating with employers with the object of regulating the conditions of employment of their members. The figures of membership include members in the Irish Free State and other overseas branches, numbering approximately 55,000 in 1932.

(a) The subdivision of the total membership into male and female is not exact, as estimates have been made for some Trade Unions which are unable to state precisely the numbers of males and females comprised within their membership.

(b) The figures given for 1932 are provisional.

NOTE.—See Note to Table No. 99, p. 118.

(a) The figures in this table relate exclusively to strikes and lock-outs beginning in the years shown, and the figures as to aggregate duration relate to the total loss in working days of such disputes, including the days lost in subsequent years in cases where the strike or lock-out extended over more than one calendar year. The figures of aggregate duration shown differ, therefore, from those in Table No. 99, pp. 118-9, which gives the aggregate duration, within each year, of all strikes and lock-outs in progress in that year, whether beginning in that or an earlier year.

NOTE.—The particulars given relate in most cases to general or district rates of wages recognised by the employers' and workers' organisations: in some cases special advances in wage rates have been granted in addition to particular groups of workpeople, the effects of which are not included. An explanation of the data used, and of the qualifications attaching to the figures, will be found in articles in the Ministry of Labour Gazette for February, 1933, pages 42 to 44, and July, 1933, page 243.

(a) The averages quoted are as computed by the Ministry of Agriculture: they include the value of certain allowances in kind.

(b) The percentages from 1927 onwards include an enhancement given in 1919 in compensation for the reduction of hours from 55½ to 48 per week in the cotton industry, and from varying hours to 48 in the hosiery industry. These percentages, therefore, exceed the actual percentage increases over pre-war weekly wage rates.

(c) The percentages given do not include the enhancement of piece rates granted in 1919 when the weekly working hours were reduced. For the higher paid time workers the percentage increases have been less than those quoted. Since 1928 the general advances have varied with different firms, and the figures quoted are those applicable in the majority of cases.

(d) In addition to the general advances, basic time and piece rates of wages have been increased and piece rates were also increased in 1919 in compensation for reduced hours of labour.

(e) The rates quoted were adopted in 1914 to operate in 1915.

(f) For new entrants, appointed to this grade after 1st February, 1928, the rates were somewhat lower.

(g) The weekly rates are computed by multiplying the hourly rates by the average number of hours in a full ordinary week, the summer and winter hours being taken into account for this purpose.

(h) For 1914 the rates shown are the estimated approximate average of the rates actually paid; for later dates they are the agreed standard rates, modified for 1928, 1929, 1931 and 1932 by agreed general deductions. The figures for porters and permanent way men relate to the rates in industrial areas excluding London.

(i) In addition to the rates quoted, extra payment was made to drivers performing over a certain mileage per day.

(j) Free food was provided in addition. For 1914 the rates shown were the predominant rates at the principal ports; or other dates they were the agreed standard rates.

(a) Subject to minor fluctuations, the number of cases under the Employers' Liability Act, 1880, has steadily diminished since the passing of the Workmen's Compensation Act, 1906. The total number of cases under the former Act taken into court in Great Britain in 1932 was 19, and the total amount of damages awarded £765.

(a) These amounts were applied in purchasing and paying off debt during the respective years, and under the Finance Acts, 1920, 1921, 1922, 1923 and 1924 respectively, did not become Old Sinking Fund, but were deemed to be expenditure within the meaning of the Sinking Fund Act, 1876.

(b) This includes £25,000,000 provided in the Budget for Supplementary Estimates, which, however, only amounted to £18,831,000.

(c) Under Section 24 (1) of the Finance Act, 1928 this surplus was issued from the Exchequer to the Rating Relief Suspense Account.

(d) Budget Estimate as modified by Finance Act, 1928.

(e) The concession for Income Tax Relief on Life Insurance Premiums made during passage of Finance Bill was estimated to reduce this by £250,000.

(f) Budget Estimate as modified by Finance (No. 2) Act, 1931.

(b) Relief for earned income was given for the years 1920-1 to 1924-5 inclusive by deducting one-tenth with maximum deduction of £200 from the total income to be taxed. From 1925-6 onwards this deduction was increased to one-sixth, with a maximum deduction of £250, and from 1931-2 to one-fifth with a maximum of £300.

(c) Since 1st April, 1928, the net receipts from Fee Stamps have been appropriated in aid of the relative Votes for Civil Services instead of being paid to Exchequer as Miscellaneous Revenue.

(d) Under the Government of Ireland Act, 1920, certain revenue services were transferred to the Government of Northern Ireland as from 22nd November, 1921 (see note (v) page 144). From this date the above figures are exclusive of such revenue.

(e) Under the Irish Free State (Agreement) Act, 1922, all revenue services were transferred to the Provisional Government of the Irish Free State as from 1st April, 1922. From that date the above figures are exclusive of revenue collected by the Irish Free State but subsequent adjustments are taken into account.

(h) See Notes (d) and (e), page 137, regarding transfer of revenue services to the Governments of Northern Ireland and the Irish Free State. Certain heads of expenditure in above table are affected by these transfers.

(i) See under "Other Consolidated Fund Services".

(j) This represents the portion of the total amount paid to the United States Government on the 15th December, 1932 (£29,956,319 7s. 4d.) which under normal conditions would be treated as interest. On this occasion, however, His Majesty's Government have reserved the right to treat the whole sum as a capital payment of which account should be taken in any final settlement (Cmd. Paper 4215, and 4217, 1932).

NOTE.—The figures in the above Table (No. 115) represent the net receipts approximately. The expression "Net Receipt" means the amount actually collected within the year ended 31st March (no matter for what year tax may have been assessed or charged) less the amount refunded, etc., within the year. It necessarily differs somewhat from the payment into the Exchequer (Exchequer Receipt) in the same year, as shown in Table No. 113 by reason of the time occupied by the remittance of revenue from provincial centres to London.

NOTE.—In the above Table Foreign Debt is taken at par of exchange. National Savings Certificates are taken at issue price. National War Bonds are taken at face value excluding the premium due if paid off at maturity. Sterling Bills issued as collateral for certain foreign loans not shown above, were included in the totals for Treasury Bills up to the year ended 31st March, 1922, when the amount so included was £3,600,000. All these Bills have now been paid off.

(a) Debt of which the interest was until 1922-3 included in the "Fixed Annual Charge."

(b) Less than £500.

NOTE.—As a reduction or repeal of duty as a rule leads to an increased consumption or use of the articles affected, the gain to the taxpayer is usually greater than the loss to the Revenue resulting from such reductions or repeal.

(b) The duty formerly estimated to be payable on the basis of the revenue resulting from such reductions or repeat.

(b) The duty formerly exempted ordinary third-class fares, being leviable only on fares exceeding 1d. per mile. This duty was suspended for nearly all railways from January, 1917, to August, 1921. During that period fares were raised, and to avoid making ordinary third-class fares liable to duty the basis of charge was altered to exclude such fares when the duty was again collected. In these circumstances there was strictly no loss of revenue.

(c) There was no loss of Excise revenue because none was expected if the duties had remained in force, but there is a loss of Customs revenue so far as duty free home-grown sugar and molasses displace dutiable imported sugar and molasses. The loss was estimated at about 176,000*l.* in 1922-3.

(a) Gross Income means the Income brought under the review of the Inland Revenue Department before adjustments are made in respect of repairs, empty property, wear and tear of machinery, overcharges in original assessments, certain exempt incomes, &c. The Actual Income, that is, the Gross Income less the exempt incomes and the other reductions mentioned, is not available in this classified form. In the case of direct assessments under Schedules D and E (including assessments on weekly wage-earners) the incomes coming under review are generally only those in excess of the exemption limit, and it should be borne in mind that the exemption limit has varied during the period covered by the table. For earned incomes the exemption limit was £160 in 1913-4 and £130 in 1918-9 to 1919-20, £150 from 1920-1 to 1924-5, £162 from 1925-6 to 1930-1 and £125 in 1931-2.

(b) For amounts in each division of the United Kingdom, see the next Table.

(c) These figures include certain items (Mines, Gasworks, etc.) for which separate figures are no longer available.

(d) Inclusive, in 1923-3 and prior years, of particulars for territory which is now the Irish Free State.

(a) Inclusive, in 1921-2 and prior years, of particulars for territory which is now the Irish Free State.

(b) Assessments made at 30th September, 1933.

(c) Super-tax was replaced by Sur-tax under the provisions of Part III of the Finance Act, 1927. The assessments to super-tax were based on the statutory income of the preceding year and the tax was payable on the 1st January in the year of assessment. The assessments to Sur-tax are based on the statutory income of the year of assessment and the tax is payable on the 1st January of the following year. (For an explanation of the change see paragraphs 35-37 on pages 57 and 58 of the 71st Report of the Commissioners of Inland Revenue).

NOTE.—No adjustments have been made in respect of alterations of area or authority.

(a) Including, for each year before 1930-1, about £327,000 received by the Council and paid by them by way of grant to Boards of Guardians under section 43 (1) (b) of the Local Government Act, 1888.

(b) Including sums raised for the Managers of the Metropolitan Asylum District and for other Joint Poor Law Authorities but excluding the grant mentioned in note (a).

(c) Including sums in respect of non-rateable Government property.

(d) The amounts shown for years prior to 1923-4 represent the assessable value under the Agricultural Rates Act, 1896, i.e., the rateable value under the Union Assessment Acts of all property minus one-half of the rateable value of agricultural land. The amounts for the years 1923-4 to 1927-8 represent the assessable value under the Agricultural Rates Act, 1923, i.e., the rateable value under the Union Assessment Acts of all property minus three-quarters of the rateable value of agricultural land.

(e) Under the Rating and Valuation Act, 1925, Overseers were abolished as from 1st April, 1927. Rates raised to meet expenses formerly borne by Overseers are for the year 1927-8 and later years included against Town and District Councils.

(f) The figures in ordinary type (shown against the rating authorities) in respect of each year after 1928-9 represent the total income from rates, and make up the total shown at the foot of the column. The amounts for rating authorities for the years before 1929-30 were net amounts after making allowance for the precepts paid to the precepting authorities. The figures in italics (shown against the precepting authorities) represent (as in earlier years) the amount of the precepts received from rating authorities: see also note (h). The precepts in 1929-30 were met partly from rates collected by the rating authorities and partly from the transitory grants under the Agricultural Rates Act, 1929, and Section 112 of the Local Government Act, 1929, in compensation for loss of rates, and in 1930-1 partly from rates and partly from the Block Grants under the Local Government Act, 1929. The amount of rates utilised in meeting precepts after 1928-9 cannot be stated.

(g) Partly Rateable value under the Rating and Valuation Act, 1925, and partly Assessable value under earlier Acts. The figures correspond with those given as Assessable values for previous years and as rateable value for subsequent years. The figure of £292,373,015 in April, 1929, which included £7,435,770 in respect of agricultural hereditaments on which no rates were receivable, was reduced on the 1st October, 1929, by the derating provisions of Part V of the Local Government Act, 1929, to about £285,374,000.

(h) Under the Local Government Act, 1929, Boards of Guardians were abolished as from 1st April, 1930, and their poor law functions were transferred to the Councils of Counties and County Boroughs. In addition, the responsibility for all district roads in rural districts and for certain roads in urban districts was transferred from District Councils to County Councils.

(i) Including £266,391 rates raised to meet expenses of Assessment Committees constituted under the Rating and Valuation Act, 1925. Rates to meet the corresponding expenses were, prior to 1927-8, mainly included against Boards of Guardians.

(j) As from 1st October, 1929, agricultural hereditaments have no rateable value, and the net annual value of these hereditaments which on 1st April, 1930, amounted to £23,841,221, has not been included. Subject to the omission of these hereditaments, the figures for net annual value correspond to those for rateable value prior to 1928-9.

(a) The figures from 1913-4 to 1922-3 (first column) represent the difference between expenditure and receipts (except rates) in respect of rate fund accounts, trading accounts and reserve, pension and other special funds. Any increase in the balances of the trading, reserve, pension and other special funds (about £6,300,000 in 1922-3) accordingly operated to diminish the net figure shown for those years. The figures for 1922-3 (second column) and subsequent years relate to rate fund accounts only, and are not affected by the increased balances in the other accounts and funds.

(b) Highways and bridges.—Including, for the year 1913-4 only, amounts in respect of ferries. Those amounts were not separated in the Local Taxation Returns for that year from amounts in respect of bridges. For the other years to which the Table relates, the amounts in respect of ferries are included against the item "Trading services."

(a) For the years 1913-4 to 1922-3 (first column), the expenditure shown in this table includes expenditure which was met out of capital receipts other than from loans (*e.g.* receipts from Government grants for capital works, sales of property, &c.). For the year 1928-9 (second column) and subsequent years such expenditure is excluded from this table, but is included with expenditure out of loans for capital works in Table 137.

(b) Maternity and Child Welfare.—Expenditure on this service was not shown separately in the Local Taxation Returns for 1913-4.

(c) Other Public Health Services. Particulars relating to some of the "Other Public Health Services" are not available for the years 1913-4 to 1919-20 and are, for those years, included against "Other Works and Purposes."

(d) Housing and Town Planning.—Year 1930-1.—Including £2,689,714 loan charges, &c., in connection with advances under the Small Dwellings Acquisition Acts. *See* also note (a) on page 200.

(c) Highways and Bridges.—The amounts of the expenditure out of loans for capital works and of the outstanding loan debt in respect of ferries were, in the Local Taxation Returns for the years 1913-4 to 1919-20 inclusive, not shown separately from the amounts in respect of bridges. Amounts for ferries are, therefore, in this Table included for those years against "Highways and Bridges," not against "Other Trading Services."

(f) Other Trading Services.—See Note (c) as to Ferries. The amounts of the expenditure out of loans for capital works and of the outstanding loan debt in respect of "Other Trading Services" were not distinguished in the Local Taxation Returns for the years 1913-4 to 1919-20 inclusive.

(g) Including unexpended balances of loans repaid to lenders or transferred to sinking funds (£1,000,621 in 1928-9, £1,480,447 in 1929-30, and £1,187,972 in 1930-1).

(f) Including payments into Sinking Funds.

(g) In 1913-4 the cost of maintenance of Pauper Lunatics is included under Poor Relief. Thereafter, under the provisions of the Mental Deficiency and Lunacy (Scotland) Act, 1913, half cost of such maintenance was borne by the Lunacy Authority (District Boards of Control), and it therefore appears as Lunacy, the other half being shown as Poor Relief.

NOTE.—It is estimated that (excluding gold coin held in the Issue Department of the Bank of England) gold coin to the value of £123,000,000 was in circulation in the United Kingdom on 30th June, 1914.

(a) Excluding Bank of England Notes in the Currency Notes Redemption Account from 6th August, 1919, to 21st November, 1928, and in the Banking Account of the Bank of England throughout.

(b) Inclusive of issues of Country Banks.

(c) The fiduciary issues of the Banks in Scotland amount to £2,676,350 and that of the Banks in Ireland to £6,354,494. Prior to the outbreak of the European War issues beyond these amounts were covered by gold, but at various times between 1914 and 1920 transfers were made to the Bank of England from the gold holdings of these banks which were replaced by Bank of England Notes or Currency Notes.

(d) Average for the eight weeks ended 21st November, 1928.

(e) Average for the five weeks from 22nd November, 1928. From this date the note issues of the Bank of England and the Currency Note Commissioners were amalgamated and the amount of the fiduciary note issue of the Bank of England was fixed at £260,000,000, subject to variation under Sections 2 and 8 of the Currency and Bank Notes Act, 1928. From 1st August, 1931, the authorised fiduciary note issue was increased to £275,000,000.

NOTE.—The prices shown are inclusive of duty. Where a range of prices is shown in the publications from which quotations are extracted the lower price has been taken in most cases, but in a few cases the average of the range has been used.

(a) Prices of No. 2 Northern Manitoba wheat not available; the annual average prices of No. 1 Northern Manitoba in 1921, 1922, 1923 and 1924 were 83.13, 59.51, 50.86 and 60.22 s. per 496 lb., respectively.

(b) Prices not available for 1913 and 1920 to 1923; the average prices shown are partly estimated for the years 1924 to 1926 from the quotations for descriptions of flour other than ex-mill, prices for ex-mill not being available throughout those years.

(c) The decrease in the years 1930 and 1931 is due to the inclusion in the figures for previous years of certain accounts which are now classed generally as dormant, i.e., accounts with balances of less than £1 which have been dormant 5 years and upwards. The number of these removals from the "Active" accounts in the United Kingdom was nearly 200,000 in 1930, and 500,000 in 1931.

(a) These figures include the sale of goods purchased from the Wholesale Societies which are included in the Sales of those Societies shown in Section (3) of this Table on p. 221.

(b) Excludes Reserves and Insurance Funds, for which separate figures are not now available. The Reserves for the years 1921-5 however, were largely outweighed by accumulated losses of societies which have since terminated. The combined Reserves and Aggregate Balance of Unappropriated Profit in 1932 amounted to £267,757.

(c) Number of societies making returns.

(a) From 1924 onwards, Interest is shown in gross, Income Tax being included under "Miscellaneous" Outgoings.

(b) Prior to 1926, "Miscellaneous" Income was mainly reimbursement of expenditure on behalf of State Insurance. In the company accounts for 1926 and subsequent years, however, the "Commission" and "Expenses of Management," under which headings this expenditure was previously included, have been given net.

NOTE.—Most British Joint Stock Banks are registered under the Companies Act, 1862, and, consequently, the bulk of the Capital of such concerns is included in the figures given in the above Tables. With the exception of Municipal Tramways, the majority of the Companies working tramways in the United Kingdom are registered under the Companies Acts, and their Capital is accordingly also included. Railway Companies in the United Kingdom are not incorporated under the Companies Acts, but by special Acts of Parliament, as they need powers beyond those conferred by registration under the Companies Acts. Their Capital is, therefore, not comprised in these Tables.

(a) Inclusive, in 1920 and prior years, of particulars for territory now the Irish Free State.
(b) Great Britain only. (c) Estimated figures.

NOTES.—The Corn Sales Act of 1921, which came into force on 1st January, 1923, provides that all transactions in British corn to be legally binding must be carried out in terms of the cwt. instead of the bushel or quarter. For purposes of comparison, average prices for 1922 and prior years, formerly shown per quarter, have been converted to per cwt. at the following rates:—Wheat—83 lbs. per bushel, Barley—50 lbs. per bushel and Oats—39 lbs. per bushel.

Returns were collected from 173 towns.

Average Percentage of metal content 1932 (c) — Great Britain.	54%	28%	28%	33%	31%	—	30%	—

(a) Inclusive, in 1921 and prior years, of particulars for territory which is now the Irish Free State.

(b) See note (a) p. 270.

(c) The yearly variations in the average metal contents of the above kinds of Iron Ore etc., are small and the figures shown for 1932 may be regarded as typical. In the case of the total figures, the variation is mainly dependent on the relative amounts of the various classes produced.

(c) The amalgamations and absorptions under the Railways Act, 1921, involved certain re-arrangements of capital, and it is necessary to bear these alterations in mind in comparing the figures for 1922 and subsequent years to 1926, with those for previous years.

(d) As a result of a revision in the form and in the method of compilation of Railway Companies' accounts, which came into force as from 1st January, 1928, the figures for 1928 and subsequent years are not comparable with those published for earlier years. The figures for 1927 given in this table were adjusted by the Companies for comparison with 1928.

(g) Commencing with 1927 a different method of counting the numbers of articulated stock has been adopted and the figures for earlier years are not strictly comparable with those for 1927 and subsequent years.

(h) See note (d), p. 295. Modifications have also been made in the statistical returns, but where figures for earlier years are, for practical purposes, comparable with those for 1927 and subsequent years they have been included in this table.

(i) Comparable figures for years prior to 1927 are not available.

(j) Prior to 1928 the three main classes into which freight traffic was divided were:—(1) General Merchandise, (2) Coal, Coke and Patent Fuel, and (3) Other Minerals. "General Merchandise" corresponds closely with "Merchandise" (excluding Classes 1-6) and "Other Minerals" with "Minerals and Merchandise (Classes 1-6)".

NOTE.—The figures are for the twelve months ended 31st December of the year prior to that stated in respect of Companies, and for the twelve months ended 31st March of the year stated in respect of Local Authorities.

(a) The figures for 1914 are not strictly comparable with those for later years, as the Income and Expenditure of Tramways which are not worked by the owning Companies or Authorities are excluded and Other Income apart from Aid from Rates, is included in Traffic Receipts.

(b) The figures for 1926 and subsequent years are not strictly comparable with those for 1914 owing to different methods of compilation, particulars of which are to be found in the Annual Returns.

(c) In respect of Local Authorities only.

NOTES.—The above Return includes vessels belonging to the Isle of Man and the Channel Islands.

The number of persons shown as employed in the year is the sum of the number of persons forming the first crew of each vessel employed during the year. For 1926 and later years see the procedure outlined in note (d).

The Home Trade includes vessels trading or going within the following limits, viz.: the United Kingdom, the Isle of Man, the Irish Free State, the Channel Islands, and the Continent of Europe between the River Elbe and Brest.

The Foreign Trade includes vessels trading or going beyond the above limits.

Some vessels known to be trading abroad are omitted from the Return owing to the fact that no late information of the number of their crews could be obtained.

Fishing vessels employed in Trading are omitted from the Return. In 1925 11 vessels aggregating 441 tons were so employed.

TOTAL.										

(a) Under the heading "Lascars" are included Asiatics and East Africans employed under agreements for native of Asia or East Africa which open and terminate in Asia.

(b) Inclusive, in 1923 and prior years, of particulars of vessels registered in territory which is now the Irish Free State.

(c) Excluding vessels of under 100 tons net.

(d) Prior to 1926, vessels engaged during the year partly in the Home and partly in the Foreign Trade, have been separately distinguished. In 1926 and later years, vessels employed on the census date have been included in the Trade in which they were engaged on that date. Vessels not employed on the census date but employed some time during the year have been included in the Trade in which they were employed when the first crew of the vessel was engaged during the year.

(e) Including some 4,000 seamen who, in accordance with previous practice, would have been enumerated as British.

(f) Excluding vessels of under 100 tons gross.

(Compiled from the Returns of Shipping Casualties issued by the Board of Trade.)

(a) Year ended 30th June.
(b) Inclusive, in 1922 and prior years of particulars of deaths in vessels registered in territory which is now the Irish Free State.
(c) Including Deaths from Homicide and Suicide.

(d) Figures for the year 1931-2 are not properly comparable with those for previous years as a "Revenue and Expenditure" system of Accounting was introduced for the General Lighthouse Fund from the 1st April, 1931, and consequently there is a certain overlapping as between 1930-1 and 1931-2 accounts.

(e) Inclusive of Receipts and Expenditure for the Lighthouse Service in the Irish Free State. This service has not yet been taken over by the Government of the Irish Free State.

IMPORTS AND EXPORTS.

The Trade Tables are compiled from the Annual Statement of the Trade of the United Kingdom and include merchandise imported and exported in public as well as in private ownership, except exports for the use of H.M. Forces on active service.

The values of the Imports represent the cost, insurance, and freight; or, when goods are consigned for sale, the latest sale value of such goods. The values of the Exports represent the cost and the charges of delivering the goods on board the ship, and are known as the "free on board" values.

These Accounts are exclusive of Gold and Silver Bullion and Coin (see pages 398-9) and of Foreign Merchandise transhipped under Bond (see pages 400-5).

IMPORTS AND EXPORTS.

No. 233.—VARIATIONS in VOLUME and AVERAGE VALUE of the IMPORT and EXPORT TRADE of the UNITED KINGDOM as compared with (i) the YEAR 1924 and (ii) the YEAR 1930.

[In the table below a comparison is made between the foreign trade of the Year 1924 and that of 1925-30 by estimating, as nearly as available data permit, the value which would be put upon imports and exports in the aggregate, if each item had the same average value per unit of quantity as was declared for goods of the same description in 1924. In this way figures are obtained, the comparison of which with the corresponding figures for 1924 enables the extent of the influence of price changes and the aggregate changes in the volume of goods imported and exported to be estimated. For years subsequent to 1930 a similar calculation is made on the basis of prices of that year, and to facilitate comparison with the earlier series, the particulars in respect of 1924 have also been calculated on that basis.]

(Compiled from information published in the "Board of Trade Journal.")

(a) In consequence of the re-classification adopted in the Annual Statement of Trade for the United Kingdom in 1920, the figures shown in italics in the above Table are not comparable with those given in roman type for subsequent years. For purposes of comparison two sets of figures are shown for 1919, the figures in romans being in accordance with the new classification, and comparable with those for 1920 and later years.

NOTES.—The figures relate to imported articles except in cases in which it is specifically stated that they relate to, or include home-made articles. In the case of non-dutiable Goods, the Imports less the Re-exports have been taken as the quantities retained for home consumption (with the exception of Rice and Rice Flour, for which Imports less Total Exports have been given), but no accounts of the quantities used as ships' stores are available. In the case of dutiable Goods, except Sugar and Tobacco, viz., Chicory, Cocoa, Coffee, Currants and Raisins, Glucose, Tea, Wine and Spirits, the quantities over-entered and those exported, on first instance. The quantities of dutiable articles exported from bonded warehouses or shipped on drawback as "ships' stores" are not included in the quantities retained for home consumption. The duty on Tea was repealed as from 22nd April, 1929.

With regard to Sugar, the figures in the first three lines represent the quantities entered for home consumption less the quantities over-entered and the quantities exported, on drawback or otherwise, after payment of duty (including the sugar in composite articles exported, and prior to 1920 the sugar equivalent of Molasses exported on drawback). The British refineries went out of bond as from 25th April, 1928, and in consequence the figures for 1928 and subsequent years include a much larger proportion of raw sugar and a much smaller proportion of refined sugar than in previous years. The figures in the fourth line prior to 1923 express, in terms of refined Sugar, the quantities of raw and refined sugar duty-paid for home consumption, less British refined Sugar exported on drawback (but not sugar in composite articles exported). From 1923 they express the equivalent in sugar exceeding 98° polarisation of all sugar refined and unrefined, including sugar in composite articles imported, duty paid and retained for home consumption, after deducting the sugar exported on drawback including the sugar in composite articles.

NOTES—*contd.*

The figures for dutiable Molasses represent the quantities entered for home consumption *less* the quantities over-entered or exported duty-paid and from 1920, the quantity exported on drawbacks, and include up to the 24th April, 1928, the molasses produced in bonded refineries in the United Kingdom from imported sugar. The refining of sugar in bond ceased as from 25th April, 1928, and the refiners henceforth paid duty on the raw sugar instead of on the finished products (refined sugar and molasses). From that date therefore no information is available as to the quantity of molasses for dutiable use produced from imported sugar.

As regards Tobacco, the quantity of *unmanufactured* Tobacco retained for home consumption includes Home-grown Tobacco and has been arrived at by deducting the quantity of Tobacco manufactured in the United Kingdom and exported on drawback, over-entries, and exports after payment of duty, from unmanufactured Tobacco entered for home consumption. The figures for *manufactured* Tobacco represent the quantities entered for home consumption *less* the quantities over-entered and those exported after payment of duties.

(a) Calculated at a standard gravity of 1055°. The figures given for consumption represent the actual quantity charged with duty during the year *less* the quantity on which drawbacks, &c., have been paid.

(b) *See note (a), p. 365.*

(c) The duty on Tea was repealed as from 22nd April, 1929. The figures for 1929 and subsequent years represent retained imports, *i.e.*, imports *less* re-exports.
